

PHS Summer 2010 Newsletter

Summer Sizzlers!

Best Wishes for the Summer

With a new Government now in place and a drought expected very soon, we have much to look forward to!

Our theme this quarter covers the very important need for Income Protection. Unemployment situations vary considerably in respect of sick pay amounts and duration. Business clients are perhaps even more vulnerable in the event of illness or accident.

We have a range of options which may be tailor-made for individual requirements and to discuss these further please call Geoff, Gina or Melanie for a free review on

News from PHS

- Spire Hospital Cheshire now offer a Signature Personalised Knee System, which is the latest in knee replacement surgery.
- The news predicted a rise in redundancies and unemployment recently. The important question is "Have you protected yourself and your family?" We now offer an even wider range of products to ensure your peace of mind through these uncertain times.
- Health in the workplace is a major concern for employers. New products for SME's are now available, to ensure a quicker return to work for your employees.
- PHS has updated the website. Visit our website at phshealthcare.co.uk. Please let us know your thoughts and ideas for future changes.

Successful Income Protection Claim

A client of PHS recently and unexpectedly suffered a heart attack. Fortunately she has survived and after surgery she now requires a convalescence period of at least three months.

The family budget is extremely tight but she is recovering in the knowledge that her income protection plan will provide a monthly benefit for up to two years, which obviously provides great peace of mind at a time of trauma.
